THE NATIONAL PREACHER.

A GENERAL AND TOPICAL INDEX.

COMPRISING VOLUMES ONE TO THIRTY-EIGHT, INCLUSIVE.

THE following Topical Index of subjects which are to be found in the pages of this work, and which have been discussed more or less in the nine hundred and forty-eight discourses of THE NATIONAL PREACHER, by about five hundred ministers and pastors of different Evangelical denominations, during the past thirty years or more—many of whom were, and are, eminent men in the churches of this land—has been prepared with great care, and embraces a variety of subjects and topics of great practical importance, in varied form and phraseology, rarely if ever found in any one work of a religious character. Such an index of this work has long been needed and called for, and it can not fail greatly to enhance the value of the work by furnishing a ready access to the vast treasures of thought which it contains.
